Notes

[1] Includes **installation** & up to one hour of ad hoc support at installation time, Federal withholding rates, Federal e-file output, Updated W-2, W-4, and 941 support, User Tools, & more

[2] States are priced individually based on reporting requirements and complexity.

Does not apply to states with no tax reporting requirements (TX,NH,FL,NV,TN,WY)

[3] Employers with 10 or more W-2/1099/1095 forms (combined) to report must file electronically. Tax Subscription includes production of the electronic file, but does not include submission to states or IRS. This service allows you to e-file easily without having to establish an account with the IRS.

[4] Mailing service available with E-file Submission only

[5] Applies to forms, taxes, or formulas that are currently unsupported; data prep; filing assistance; end user support; training; and any other requirements outside the scope of basic installation.

Order through your consultant; if you are not working with one please contact us directly.

All orders must be paid for in advance unless prior arrangements are made.
